The Premises:

We met at a very smart serviced apartment just north of Earls Court. Nice room, shower, clean towels etc. Expensive and safe neighbourhood with ample parking, free after 18.30. No worries at all about the accommodation or the area.

We had met previously at what used to be the Gloucester Hotel and that, too, was more than up to the job.

The Lady:

Mila is about 5'6". She is of slim build and has fabulous breasts which are ever present. She is curvy with a lovely bum and great legs. Overall her figure is that of a woman ten years younger than her declared 38 years. She is always tanned too which is rather nice as she gets great tan lines. She has lovely feet too.

She has a striking face, not girly pretty but undeniably attractive in a smouldering, Russian/Italian way, with luscious lips, beautiful eyes and crazy mad long frizzy hair which she says isn't Brunette but is somewhere close with some red in it too.

Dressed in a tight skirt and a sheer blouse, she looks pretty damn good; undressed, she looks irresistible.

If you like younger, girly girl types, she probably isn't for you. If you like your ladies with a bit of spirit and fire, lots of confidence, considerable experience of life and of what they want, you are probably in luck.

The Story:

Second meeting so no nerves and no surprises. I was offered tea after a very warm embrace and we caught up with things for a few minutes. We have both had some adventures over the past few months and we shared these.

After not very long, we found ourselves on the bed, both a little overdressed and we soon dealt with that. Beginning with gentle kissing and stroking, and my paying a lot of attention to her breasts and nipples, we moved onwards and I found myself being given a fabulous blow job with hair everywhere. This carried on very enthusiastically for a while until I asked her to stop and I returned

the favour with great pleasure, a situation which she seemed to enjoy quite a lot.

This went on for a while until I really had to come up for air and we simply started from scratch again. More kissing, more great blow job and then she said she wanted to fuck now (not literally but that was very much implied) which we did, slowly and gently at first and then more quickly and energetically until she came.

Cue another break, a bit of a cuddle and some silly conversation, then more kissing and caressing and more oral from her until I began to get really rather excited. Having hung on for so long, and enjoyed every minute of it, I felt that this was the moment to simply let go and cum, which I did in her mouth. She didn't stop though and given that there was very little evidence, I guess that she swallowed too. Overall, an extremely pleasant experience which left me giggling like an idiot for a few minutes.

More kissing and cuddling, more silly chat and then I decided that I ought to go as it was pretty late and I had an hour's drive home too. So, a shower to freshen up and remove all traces of gorgeous other woman, a kiss and I was gone.

I punt infrequently, because of both the cost and a lack of good opportunities, so I like to make the best of it. Mila certainly provides a service and an experience that I would rate the best and I will see her again in due course.

And if that kind of thing works for you, she is also very good at tie and tease and domination and that kind of stuff - I know as tried that the first time around and it was bloody wonderful - but the main attraction for me is being with a very sensual, sexy, shaggable genuine woman who has real joie de vivre and a filthy mind and no worry about using it.
