### The Premises:

Clean, modern flat. Discreet. Plenty of parking nearby. The room had a mirror, soft lighting, chairs. En suite bathroom with power shower presumably designed by Clouseau's nemesis, Cato. The bed was very ruffled when I came in, but Vicki straightened it out when she arrived. I guess it must be a popular establishment.

### The Lady:

Vicki is blonde, slender, tallish, with irresistible blue eyes and lovely long legs. For some reason I was half expecting a bosomy, even milfy girl (always read the measurements!) but the truth is she's as young as they say and very cute. Real sex appeal.

### The Story:

All-in-all, I was kept waiting nearly 25mins, pacing the room while some dude left and Vicki went for a shower, but you know what? I didn't mind. They've no excuse to rush you after something like that and by the time Vicki re-entered the room wearing a black basque-like thing (sorry, don't know the proper names) I was relaxed and limber. We shared an erotic gfe, finishing with a cosy chat about random stuff. My only regret is that I didn't put in a better performance: by the time I got home I wanted to go right back again.

I did wonder why no-one else, far as I can see, had reviewed her, but chances are they just wanted to keep her to themselves. Vicki offers a full service, but she's a nice girl and deserves to be treated with respect and consideration. I can't ever remember before seeing an escort actually taking the time to mop the bathroom floor on behalf of a client. You know what these bathrooms can be like: now that's first-rate service.

Hope to see her again someday, but in the meantime I wish her all the best and any guys/gals interested in a gfe in sleepy Surrey would be well advised to book an hour and play nice with Vicki.
