### The Story:

I pre booked this escort because I had a great time with two other escorts from this agency. I was staying at the Sheraton Grand Hotel in Edinburgh over the weekend. They have a great outdoors Jacuzzi on the roof top, plus some fantastic saunas and steam rooms.

Kacy is a very young looking and cute British Chinese lady, with huge boobs. Her English is perfect, having been born and went to school in England. I meant her at the reception area we made small talk as we got in the lift to my room. Once inside my room I sorted out payment with her.

This new hobby is getting expensive, who cares? I am single now anyway. Kacy joined me in the shower from the start, yes just what I like nice fresh pussy and big boobs. She looked stunning all wet and shinny with those massive tits; I had a rock hard on and was ready for her to take me in her mouth. So down she went like a good girl should. Sucking and licking every inch. Her oral skills are very good indeed. Being a tit man I could not take my hand of them until we got back to the bedroom where she reached for the rubber macs she had brought with her.

I had to help her put it on because it was a little too small. She then laid back on the bed legs apart and smiling in a very sexy not dirty way. I must have come in 10 minutes flat, she is just so hot. It was very good she is a smart girl someone I found talking to very easy and natural conversationalist. She told me she will be in London in August, and will be working
