The Premises:

Discreet premises at the back of Fenny Stratford high street. Access is from the small but free public car park. Clean and well organised.

The Lady:

As shown in her photos Poppy is a very slim attractive lady with wonderful large but pert breast and a lovely smile. She is even better in real life. She put me completely at ease.

The Story:

I've been to see Poppy twice in the last week as I enjoyed the first experience so much. I was met by a friendly receptionist and offered a soft or hot drink on arrival. The receptionist takes care to make sure guests are kept separate and the whole set up feels friendly, professional, clean and safe.

As described above Poppy is slim with larger breasts and a wonderful figure. I was a little nervous at first but she put me completely at ease. She was easy to talk to and seems happy to take as much or little as you want.

The massage was in a clean room with relaxing music.

Poppy started by massaging my back and it was a proper good massage and I felt the stresses and strains disappearing. After working on my back and legs for about 15 minute Poppy, as I'd paid for the deluxe massage, Poppy mounted the table and rubbed her bare breasts over my back. It was very sensual. She would gently blow in my ear and other places and delicately run her nails across some of sensitive places :-)

Next it was time to turn over and Poppy started to work her magic on my front. It was truly amazing to watch Poppy's naked body move around and over the front of my body as she massaged me. There were so many places you could look as her smile is enchanting, her breasts wonderful and her whole body beautiful. She indicated that she was happy for me to touch and massage her breasts which felt amazing. She then worked her self up and down my body making sure a certain

part of me got lots of attention from her hand and breasts. I could not contain myself very long and the ending felt amazing and left me very happy and totally relaxed. Wow!

I finished with a shower and on both occasions the shower pressure has been fine (unlike some reports I've read).

I definitely hope to see Poppy again soon. She is a real treat.
