The Story:

arrived ahead of time and was told to come straight over from car park. met at door by another girl in robe, not very discreet. shown into the flat which was clean and tidy. no complaints so far. went into bedroom and handed over paperwork to girl who was very quiet and appeared to be nervous (alarm bells ringing). asked to undress and she left room talking on mobile. came back a couple of mins later, still talking on phone. asked me to lay on bed and then got a bottle of oil and proceeded to give the worst massage I have ever had, (bells ringing louder) I thought OK its not what I am here for anyway. still dressed at this point. eventually got her kit off and climbed on my back. after 30 seconds decided she should take her thong off. back to massage and then rolled me over and proceeded to give me a very poor, covered blow job. this was not mentioned on the site. By now I am having real problems keeping it up. tried to put it in semi hard and ride me. by now I realised I had made a big mistake. when I tried to stroke her bum she removed my hand and when I stroked her nipples I got ,ow,ow. you get the idea. By then I realised I had had enough and got up, dressed and left. this was fifteen mins from start to finish. £100 wasted and this on my birthday. she was my treat to myself. to be fair this was the only bad experience I have had on AW and I suppose I have been lucky. there are many great punts in Watford. avoid this at all costs. the girl was obviously new and did not have a clue as to whats expected.
