The Story:

I was a little late thanks to the tube but that was OK in the end. It turns out this was Marie's first day and South Ken so I guess the nerves were on both side of the bed (so to speak). I guess the combination of nerves and English does really make for a lot of conversation but the kissing soon made up for that.

I could happily kiss this girl for hours on end and her habit of closing her eyes when she does so was adorable. I had to initiate most of the activity but I guess that's to be expected with someone new and we moved onto the next stage.

I love giving oral and was pleased to be able to elicit small moans (If they were fake they were real good). Marie is not very tall but let me tell you the view from between her legs to her perfect chest and red curls is enough that I truly had my Birthday wish that day!!

From there I alternated between sucking those beautiful breasts to kissing Marie and eliciting more of those little moans before my time was rapidly coming to an end (in more ways than one). After confirming on could climax on her magnificent chest, I scooted Marie close for the final deposit.

This I must say has been one of my favourite experiences in this world and I would love to thank Marie for every minute of it. She truly is special!

Yes she is inexperienced and yes she was nervous (I'm no Brad Pitt either) but she most definitely is an angel from the Ukraine. A must visit!
