The Story:

I went to see Carman as I had a "need" was expecting to just have a 15 min quickie . But that all changed as soon as i saw her . She made me feel very relaxed asking what i wanted ,,

Well a good snog turns me on BIG time , which is something not often found with WG's . While we were doing that and i was " rising to the occasion !" she fondled my cock and ... , I LOVE IT WHEN A girl cums on my tongue , so i offered it at " both massaged her G spot and licked her clit & yes she came (could've faked it but don't think so) . Then on with the water proof and a legs up in the air mish and i unloaded in her . She seemed to enjoy that too.

She asked if i could go again , Nope not this time so she massaged me and we talked . Not a " clock watcher and seemed to genuinely love her " job" . Get the feeling she does it cos she love saex , no other reason , not feeding a "habit"

Can wait for the next time ! Boys a real GFE par excellence!
