The Premises:

Popular block of flats on Sloane Street with plenty of meter parking on side roads, free after 6.30pm. Convenient cash machine at Sainsburys next door. Lift access to all floors from reception, no problem with visitors, people coming in and out all the time. Carmen's flat is on the 5th floor, quite spacious, clean, with subdued lighting, huge bed. Shower facilities clean and functioning.

The Lady:

Carmen is a very petite young lady with an amazing all body tan. She really is tiny in every respect, with pretty face and an infectious smile. She genuinely looks like, or even better than her photos. Attractive tattoos, quite discreet.

The Story:

This was my second visit in a week, and won't be my last! She is not a particularly winning kisser, and doesn't do anything connected with A (so take her list of likes with a pinch of salt), but her oral is amazing, which may well be covered unless you ask nicely, and she seems to absolutely love sex, when she becomes a proverbial pocket rocket. Her favourite position is doggy, but make sure she does cowgirl, then watch in the mirror - unbelievable! I'm hoping she becomes more open minded in time, so will look out for more reviews, but catch her quick, as she told me she will only be in the UK for a month.
