The Premises:

Long time since last visit but rooms matched pics on website. Deserted industrial locality and quick admittance. Shown into room and three ladies introduced themselves. In my head I had decided if a young black lady had appeared I would probably choose her and I chose a mature blonde lady who was dressed and said hello like a business woman. Had to wait for shower to be available and spent the time looking at possibilities for how the room could be used to best effect and the big mirror in one of the three sections was what caught my attention. I paid the money for the owo service.

The Lady:

At my stage in life, being able to pick the right lady is one compensation for increasing age and a vital one. Blonde hair up, quite sharp features and killer heels, how many of us fancy the efficient conference organiser, teacher, beauty consultant...

Nicole looked great and sounded confident and, once I had asked her to step down off her heels, the right height.

The Story:

We were both very used to what we were doing and we started with a cuddle and grope - she dressed me naked - in front of the mirror so I could see and feel myself interfere with this professional-looking woman as if we had slipped away for some naughtiness. I loved it, hands roaming over and under two-piece suit, clothing dishevelled and undone and dispensed with while her hands were finding their own work to do.

Nicole made some practised but effective noises and asked some pertinent questions - you are slipping your hand into my pants are you, mmm.

We moved onto the bed - two solid benches - which I wasn't looking forward to but Nicole said they were all right and she proved correct.

Snogging, fondling, tickling, sucking, licking with no apparent restrictions from either of us. A lovely time and lovely freedom although I wasn't going to risk pushing my luck.

Things got more sexual and oral both ways was totally enjoyable, mixed with uninhibited snogging.

Then sex was as full on and as satisfying as it had promised to be, Nicole a little persistent with her appreciative murmurs but not in an irritating way.

Reached a climax for Nicole in a very intense mix of actions by each of us that was very memorable and both of us seemed to have had a great time.

Lots of chat going on when mouths available to talk - there was lots of experience in the room and no unwillingness not to share it with each other.

So looking forward to returning to see Nicole again. Not often I will say I can hardly wait when it is a lady that doesn't tick my regular boxes but this lady does it for me.
