Visited this building before as few of my favourites also located there, nice safe and modern apartment block in paddington

The Lady:

Lovely sweet girl. Warmly greeted at the door and she appreciated the flowers I brought for her. Once I had showered we chatted briefly.

The Story:

Things seemed a bit awkward at first, but Honey was new to escorting when I saw her. After some FK, caressing I was getting harder and harder. She needed no more encouragement and gave great OWO. Then I went down on her and it was DATY for a while which I'm pretty sure she appreciated. After I was on the bed with Honey on top and she teased me for a while before coming down on my eager manhood. She seemed to really enjoy it and she rode me until the inevitable climax. After we resumed our chat, and drank some wine. I caressed her back and her bottom and after some intimate fondling it was clear she was up for it again. She even suggested it ! We finished with doggy which she loved and we were both exhausted at the end. I showered after and left shortly after.. She is a very sweet girl. I only wish it had been less awkward at the start and she was a bit more "smiley". But as she gets more experienced I think she will find her natural comfort zone. I will definitely visit again at some point. I just wanted to give it some time before I do. But there's a vacancy on my calendar and her name is on it so stay tuned for an update. And with a name like Honey she couldn't be anything other than sweet. Photos as usual are photo shopped, but pretty accurate nevertheless.
