### The Story:

I was quite excited when I had found Arabic Kim on adultwork, only now has she changed profiles and is now kimberleyxx94. We had arranged a time to meet (incall) and she sounded welcoming and open when I had spoke to her on the phone. I was looking forward to our meet, not seeing her before I wanted to make a good impression and had not turned up late. On arrival she had opened the door and everything seemed fine, we went upstairs to the bedroom and asked for the money fairly quickly. Not a problem as I understand escorts do have bad experience. I handed her the £160 which is £20 more than your average wg however I was happy to pay the price as I thought she would offer exceptional service due to her high prices. Everything was going good and we had barley got into the good stuff and it was half an hour of my time past as I was rushed out and asked to leave. At this point I was quite mad and shocked. I've had my fair share of wg and never have I been rushed out only half way past my time. I repeatedly asked her why and if that is the case then id like my money back, she refused and was persistent on kicking me out. She had stated that I was rude and made her uncomfortable and at no point can I recall that I was unpleasant towards only that I showed her the up most respect. She still refused to give me any of my money and kept the £160, she then said I quote accurately "if you want trouble I will give you trouble". At this point I was fed up and not looking for further conflict so I left VERY disappointed and what I thought would be a delightful encounter turned out to be a shambles. It is a shame as she is pretty but personality shocked me. Be careful guys!! She was also known as arabic Kim however now she is kimberleyxx94 and working in Kingston, id think she changed due to bad reputation as she problem has done this to other clients.
