The Lady:

Taylor is... wow... 4ft11 of tiny, gorgeous sex on legs. Big boobs (fake unfortunately) big grin, stunning features. Sexy as all hell... Talkative, intelligent, friendly, filthy, and definitely on the wild side.

The Story:

One of, if not THE, best punt I have ever had the pleasure to indulge in. Taylor was exceptionally wild (hair pulling, hard spanking, full on porn star naughty)and is crazy bendy. As in I'm pushing down on her legs, and shes telling me to bend them further up behind her ears... Really skilled, and unlike a number of girls I've met who like things a little rough, she seems actually there in the moment with you. Open personality I guess is what I mean. No distance. Interesting to talk to, interesting character. Sex on legs. I cant believe I'm mentioning personality in an escort review... Where it says recommend my real answer would be 'yes yes and oh fuck yes'

She was more than happy to be gone down on ('I like THAT body language') cumming very hard from that (I could feel her muscles spasming in her pubis) gave me one of the best blow jobs I've ever hard- a beautiful mix of tender licking and hard deep throat, and then I proceeded to bend her this way and that whilst fucking her really tight pussy (tiny, incredibly tiny)

Anyway. The downside to the whole morning was she was late to arrive that day, but she more than made up for it! And she can take an anal pounding like a champ. Telling me to go harder, rougher, pull her hair spank her properly and so on. Treat her well!
