The Premises:

Nice modern ground floor apartment, approximately half a mile from the train station and town centre, easy on street parking and discreet entrance.

The Lady:

Absolutely beautiful oriental lady, late twenties/early thirties, about 5ft 4ins tall, slim figure, lovely bum and firm natural breasts size 34/36 ish. She has smooth olive skin and long dark hair and speaks good English with a cheeky smile.

The Story:

On arrival Terri opened the door wearing a black negligee over only black suspenders and stockings, I thought this strange as she usually wears a black basque for me. I went to the bathroom to freshen up and was shown to the room where I handed over my gift. Terri asked me to lay facedown on the bed and proceeded to tie my wrists to the bed she then said that she thought I may like a different experience for a change, I had no problem with this as over the time that I have been seeing Terri every experience has been superb be it domination, caning or full personal. Terri discarded the negligee and commenced a very sensual oily massage, slowly teasing all the right places with particular attention to my rectum and balls. Eventually she turned me over and massaged my front giving only slight attention to my cock brushing it with her lovely tits - I was ready to burst by the time that she got around to attending to my cock and I instantly had the most intense orgasm. As I have said in a previous review, this beautiful woman has the rare talent to give a man immense pleasure - not to be missed.
