### The Premises:

A small flat in a close at the end of a quiet road. Ample parking. The flat has two bedrooms (one occupied by a formidable mother) and a sitting room where the action was supposed to take place. Everywhere very cluttered with many make-up boxes and smoking supplies and a television that stayed on. No shower facilities offered. A request for a soft drink led to a glass of water.

### The Lady:

Roxi was about the same shape and size as described in her AW 'profile' (5'1", dress size 6, 30B) although the B is a disappointing exaggeration, but surely she is not the cheery girl shown in the profile. Either that or something has taken its toll. Sallow complexion, nervy and on edge throughout.

### The Story:

Hugely disappointing experience. Roxi made it clear that she was totally unwilling to engage as a girl friend as I had hoped (and as I thought I had been promised in the AW profile). There was no chance of my being allowed to pleasure her. Any of the AW profile 'enjoys' list would be charged extra and it was clear that they would be delivered without any warmth. I was told aggressively that all I had paid for was hand-job, blow-job and sex. During the unproductive hand job I was allowed to touch Roxi's tiny breasts but absolutely nothing else. The knickers stayed on. After less than half an hour Roxi became increasingly alienated and walked out to join her mother in a bedroom - so no blow-job, no sex. My request for a half hour refund were met by a confrontation with Mum who ordered me out of the flat and threatened to call the police.

Hoping that this report prevents others from making the mistake that I did in visiting Roxy and not walking away as soon as I saw how different she is 'in the flesh' and the state of the place. She advertises in Dorset Sex I think as well as AW.
