The Premises:

A very smart second floor flat in a very trendy part of London - Shoreditch. It was a very warm day but, with all windows open, a comfortable temperature.

The Lady:

Just gorgeous. There are many photos on her profile and these are completely accurate. For me it's Bree's lovely face - lively eyes, ready smile and the huge afro hairstyle that frames her face. But this is combined with a slim, lithe body to produce a gorgeous whole.

The Story:

Sometimes you know before meeting the escort that you have hit paydirt. So it was with Bree. A couple of enticing emails and teasing texts and a 4 minute conversation on the phone that I had to terminate because I had to get back to work but left me in stitches when I put the phone down.

Greeted dressed as I had requested with a passionate kiss, I had ample confirmation that this was going to be great. A glass of white wine and a 10 minute chat on the sofa provided a delightful aperitif with Bree proving herself to be tactile, vivacious and impossibly desirable. If anyone doesn't fall slightly in love with her within a couple of minutes of meeting her, they should consider their sexuality.

Moving through to the bedroom, Bree started with a lapdance (darn I broke the no touching rule), and then we fell into an hour of kissing, oral, sex and discovering what turned each of us on. Simply the ultimate GFE that made 95% of escorts I have met seem wooden and boring by comparison. Yes, Bree's hourly rate is higher than most. But very few at lower rates have her ability to provide such a wonderful sexual and social experience and to leave you wanting more. Much more.

Simply a wonderful all round experience that provided memories that will stay with me. But I will definitely be returning to enhance those memories.
