The Premises:

A little tricky to find but well worth the effort. Very discrete basement flat, very clean and tidy. Clean shower facilities etc. A very calm and relaxing environment, which was perfect for me as I was a little late and stressed!

The Lady:

Tara is very pretty, friendly. Lovely Eastern European accent which I find very appealing. She was very sensitive to my needs, and did a great job of relaxing me. She has a lovely figure that matches her website photos.

The Story:

I had booked a tantric massage without really knowing what one was! I washed and lay face down on the bed with soft lighting and relaxing music all around. She gently massaged my shoulders back and legs with oils before paying particular attention to my bum. Gradually she increased her attention on my anus and perineum - I have to say it was amazing!

She then undressed herself and turned me onto my back before moving her body sensually over mine. She then focussed her massage on my penis - to say she gave me a handjob does not do the full experience justice. It was very intimate and intense, and unhurried.

The whole experience was mind blowing. I learnt what a tantric massage is and would recommend one to anyone! Tara was brilliant - she was incredible in relaxing and then arousing me, and then keeping me there for the full hour, so no hesitation in recommending her.
