The Story:

This was my second visit to nancy, due to the bad experience from the week before i wasnt too up for it to be honest, but Nancy contacted me too explain what happened that day before i came the first time and say she was sincerely sorry for me leaving unhappy, she also said I should return to see her before she left at a slightly reduced rate now she was more settled, i was tempted as I was promised a amazing time, so it was booked, I have to say she really made the effort this time she looked amazing and she only left the room once this time the phone also rang but she never answerd goof start. starting with a massage we discussed about what happened and decided to leave it all behind us, she did seem genuinely sorry for the last time, it wasn't long before nancy started touching my bum and balls softly, I turned over to receive great owo I returned the oral only this time she sat right on my face now it turned into full on sex with protection, I got to feel her pussy this time and it was tight it wasn't long befor I cum, she then ask me shower with her while in the shower she said she want to pee, she ask if I like I said ok! Yep water sports in the shower a first for me, we returned to the bedroom had a pleasant chat about Thailand and London etc while she massage me, by this time the hour was up I know but she say no rush, I was asked can I cum again my reply was yes! A hand job began then turned into rubbering up for a second round of doggie style her ass is so perfect too, she certainly makes the right noises while I fucked her, this time I withdrew and cummed over her ass , Well certainly made up for last time !
