### The Premises:

Well-known block in South Kensington. The flat is on the ground floor but quite tricky to find. Like most ladies, Valery texts you the address after you have confirmed the appointment on the relevant day, and I have suggested some additional directions that she could add to make it easier.

### The Lady:

6ft1 in her bare feet. The pictures are accurate. When I walked in she was wearing a little black dress but flat shoes, perhaps to avoid being too intimidating. You should ask her to wear high heels to get the full effect. It's pretty amazing!

Previous reviews and discussions in the Forum have emphasised how fit she is and the fact that she is studying to be a personal trainer. While all that is true, she doesn't have the sort of body that enables you to identify every muscle in her anatomy just by looking at her, so guys who are put off by that sort of muscularity should not be deterred.

### The Story:

We spent the first 15 minutes just getting to know each other, though I'm sure she would have got down to business earlier if I'd asked her. After that we moved to the bed, where we had a very enjoyable time with lots of kissing, OWO and CIM. I had brought my eroscillator (sex toy) which had the expected effect. All this was interspersed with chat on a wide range of subjects. She laughs a lot and is easy to talk to. Of course, I don't know what she would be like with more energetic activities, but for my purposes she was excellent. I had originally booked for an hour, but since things were going so well I extended that to 90 minutes.

This was my first punt for almost two years. There is one other girl that I have my eye on, but after that I shall probably relapse into celibacy again. If it weren't for that fact, Valery is certainly somebody I would be happy to see again.
