The Lady:

Is a beautiful girl, very pleasant and warm when I arrived. She took her time getting glasses for the wine I bought and I wondered what had happened to her. But I showered and when I returned we started chatting. Within a couple of minutes she removed her top. OMG this girl has a smokin' hot body to die for. Slim, very toned, very fit. You could almost be intimidated by that ! Flawless. Her boobs very pert and perfectly formed although they are clearly fake - but when they stand out the way they do and demand your attention you can't help but stare !

The Story:

There was no FK though and she seemed very sensitive to kissing around her ears, neck and shoulders. She gave OWO but only for a short while and then whipped out a condom and before I knew it I was inside her ! What a view. I was rock hard and she had a tight and delectable pussy. She rode me for a while and was clearly enjoying herself, then suggested doggy which we did. I gave her a good seeing to before climaxing. To be honest looking at that incredible body I felt like I would never do better than this. But having finished what I thought would be round one, she said she was so "hot" and needed to cool down. To be fair it was a balmy night and was quite humid. She had just moved into the flat the day before and hadn't got around to sorting out a fan. So it was indeed very hot and sweaty. After 30 mins of our hour she suggested I take a shower. Initially I thought she was trying to get rid of me, but I know now that it was simply an offer for a cold shower to cool down ! She gave me a massage which was great, and we talked for a while before I showered and left. We never got to round two sadly, but I will see her again. I've had many good looking girls in my time, but I can honestly say this is one girl I would go back to see just to watch her writhe and mesmerise me with her awesome body. Be warned though you'll need a lot of energy to satisfy this girl. Better start going to the gym ! :-)) Definitely worthy of a visit.
