The Lady:

Eve is a very pretty lady with long blonde hair, I would guess a size 8 (but I'm not great at guessing sizes) also she has had breast implants at some point in the recent past. Pictures on the website are a fair reflection of her looks.

The Story:

Now I hate doing this, but I now only really write reviews if I've had a really excellent experience or in this case an experience that totally pisses me off!

Driving into Milton Keynes that morning I still hadn't really made my mind up who I was going to see. So after a final view of the website I decided to see Eve on the back of her profile and pictures. I called up and was pleased to get an appointment for 12:15.

I arrived at the apartment just before my booking time, rung the bell and invited in. The lady who answered the door asked if I had an appointment and when I replied "yes, I'm here to see Eve" I heard a cheer coming from another room and a lady say "that's me!" Once I heard that I thought to myself this should be good :)

I was then escorted to a nice sized bedroom and asked if I'd like a drink.

A minute or two later Eve came in carrying me my glass of water wearing some nice white underwear, looking extremely hot.

I handed over the fee as Eve asked me to get fully underdressed as she said she had to leave the room for a minute, which I was slightly upset by because I do like a bit of interaction whilst we both help each other get undressed, but never mind. Eve returned quickly and asked me to lay down on the bed, which I did.

Eve proceeded to then get undressed herself, then at that point Eve took a condom out of her bag and placed it next to me, which I thought was a touch strange as we had just began.

Eve then joined me on the bed and then after some very light kissing, grabbed my cock and started giving me a handjob. I pulled away as I wasn't her to do this, so I suggested that I went down on her, to which she agreed. After a short period of doing this Eve suggested that we get in a 69 position, which I was very happy to do so. As we did, Eve opened the condom and put it on me (without any discussion about if I preferred OW or OWO) she then started to do a little OW on me

mixed with another fast handjob.

Eve then jumped on top me and we had sex with her on top. I came and we cleaned up, Eve then started to get dressed and I took that as my instruction to do the same.

I got dressed and then was shown to the front door before Eve spoke another word to me when she just said "goodbye".

I got in the lift that was just outside the door and took a look at the time on my phone which read 12:27. I had only been there for 12 minutes!

I wasn't happy about the whole experience, so I thought to myself what should I do about it? My first thought was to go back in and speak to the pleasant lady who first answered the door, but I wasn't sure if that was the best thing. So I decided to walk back to my car and send MKE an email about my experience, in the hope of getting an understanding response. But as of yet I've had no response, so I have now posted my experience on here.

If by any chance the management of MKE see this, I don't want to knock such a well run business with many fantastic girls but when you do have a customer who has an experience like this when the lady just tries to rush through the appointment as fast as possible and doesn't offer the services on her profile to a very clean and presentable customer it's important that you are made aware.
