### The Story:

Kim had made me wait long for her arrival into my room. But when she did come in to my room in black lingerie I knew it was going to be worthwhile. Paperwork taken care of and off came her bra. I must have spent at least 10 mins or more on her tits with my mouth together with french kissing. I bet she was turned on as much as I was, because she then went straight for my cock. She teased me a bit by licking it maintaining eye contact then just sucking the head and licking my shaft. I loved it esp. when she dived right in and took it completely in her mouth going faster and slower and then faster again. If I remember correctly, I don't think she stopped at all. At it non-stop for about 15 mins until I blew right in her mouth. After she cleaned up she even gave me some follow-up sucking as I was still hard and squirming.

She then massaged me for a bit and got chatty. But later I wanted her mouth for something else. Moaning. On came the condom and she got rocking and riding me. The best part was watching her DD jugs bounce while she rode me, so I pulled her towards me so that I could play with them while she moved her hips on me. She loves getting spanks while she rides, encourages her to go faster. Later we turned to missionary and doggie. I may have pulled her hair too hard while doggy, sorry baby. But she was all smiles and moans. I did feel her twitch as well during the bang which is always a good sign.
