The Premises:

A house with 3 floors. Safe residential neighbourhood. The house and bedroom were clean and well-decorated, sparse but adequately furnished.

A serious negative on the facilities front was the lack of shower in her bedroom because the running water was not connected to it. She used the shower on the middle floor but I was not invited to after I had finished. The sink in the ensuite bathroom was connected but no hot water, so I could not even have a sink wash. I also clocked that the toilet was not working.

The Lady:

I was met by a pretty young lady, early 20s. She has the 'classic' E European look - tanned skin matched by sheer black hair and dark brown eyes. Very slim and tight body. No face pictures on profile but was the same girl. Very fit body. Perky 32C tits, and a small shaved pussy. I was pleased to note she was tanned all over.

The Story:

This was a very mediocre and forgettable session. I called Sheba on the number listed on her profile, she answered quickly. Her English was good, and she was polite and to the point on the phone; she sent me her address straight after we'd set up a 30 minute punt. The cost was £60. I got to the right road, and texted her for the house number - she called me straight back and gave me the final directions.

I was greeted with a smile and a friendly attitude, but only a kiss on the cheek was permitted. We went upstairs, where she asked me how long I wanted to stay for and then reminded me I had to pay her first. Which was a bit unnecessary. She asked me to strip off whilst she went out of the bedroom to count the sex vouchers.

When she came back she stripped off. She asked if I wanted to start with a massage. I told her no, I preferred to start with mutual touching (I'd quickly weighed up that kissing was not on the menu otherwise I'd have added that) and giving her oral. She warned me to go slowly before I started fondling her tits (which were nice and firm), and then I started kissing her body. Unfortunately, she was not very responsive to this but it was getting me hard. I moved down to lick her pussy and she basically just laid back, shut her eyes and let me get on with it - other than warning me not to put my fingers inside, she made no noises. I put up with about 5 minutes of her lying there like a side of

beef before sitting up. She asked me to lie down and relax, covered me and started a very poor blowjob, only putting the head in her mouth and wanking me. I carried on squeezing and cupping her tits, as this was where I was having the most (only?) fun. Her oral technique was nothing at all special I'm afraid to say.

I asked to fuck her, and she asked what position - doggystyle was agreed to. She knelt right on the edge of the bed; I was quite hard but not as stiff as I could be. She kept her hand on my shaft too, making it difficult to slide in balls deep, as I like to. Her body was too high up too (I told her I wasn't that tall) and she did lower her hips a bit, but her hand was still in place as well. Taken altogether, I wasn't able to cum so we stopped fucking and she wanked me off til I finished.

We were more or less done inside 15 minutes (fortunately the price difference was only a tenner). I was only able to clean up with the babywipe (last one in the pack!) due to there being no shower.

I got dressed and she showed me out. So in summary - a pretty and fit young woman. But the service was lacklustre and robotic, offered politely but without any other feeling. Her blowjob was not at all fun. I would not recommend her to anyone else. Your money will be better spent on a different girl.
