The Premises:

Behind and above a sex shop on Attercliffe Road. Seemed clean. Walked down some steps into a functional room although all a bit clinical.

The Lady:

Very good looking, red (dyed) hair, great body and tits. Mid to late 20s.

The Story:

I regretted this punt very quickly. She asked for an extra £15 on top of the £45 standard fee for a 'girlfriend experience'. What this amounted to was a bit of perfunctory kissing, no owo and no reverse oral. Not like any girlfriend I've ever had.

She complained that my cock was too big and said when she used to work in Germany (she's Eastern European), if she had a well endowed punter she told him 'no' and would return his money or get another girl to service him. On this occasion she said 'but now I need the money'. WTF!

After a very average covered blow job she insisted on going on top and managed to get it in part of the way with her hand preventing it going in any deeper and not allowing any change of position. After 15-20 minutes I'd had enough and left.

Easily the worst experience I've had in Sheffield and best avoided.
