The Premises:

A flat in Castle Bromwich with plenty of parking. I don't really know this part of town well so can't really comment on public transport. It was a building with about 8 Flats in it. The building has a buzzer type thing so you get buzzed in on ringing the bell. The street was quiet at the time i got there so fairly discrete. The place itself was in good nick though the event happened in a small bedroom with a really small bed which is a negative for me.

The Lady:

IT was really dark in the room with only candles for light so i din't see much of her . from what i could see she was 6-7 facially. Her boobs were small on the saggy side. she had a great ass. Age wise 26 she is not. more like early to mid 30's

The Story:

She had good attitude i have to say. very eager to please. she initiated DFK which i hadn't asked for and she was really good at. She doesn't talk much. i think for the whole time i was there we exchanged 10 sentences. maybe it was my fault but i got the impression that her English was not that great.

On entering her flat i was led into the working room at the end of the hall. We took care of the fiances and she looked ready to crack on but i asked for a shower and she provided a towel and i used her bathroom which had a really crappy shower contraption which kept popping off. any way back in the room. we indulged in a lot of DFK, OWO, then sex in cowgirl, missionary and finishing of in Doggie. I didn't ask for CIM nor Anal but other punters on here report its on offer. Before i went to doggie i took one lick of her fanny to test out for some possible RO but she didn't taste fresh so i moved on without partaking. She has a nice ass which she didn't mid me spanking. I also did some hair pulling again without any complaints from her.

I was out of there after 30 min even though i paid for one hour but i have to be clear that that was not the WG fault. I was really not in a great mood so didn't want to spend time in anyone's company. I just wanted to pump and dump and as i am a one pop guy didn't really see the need to spend more time there.

Positives: Great attitude and very willing to please. Also really good VFM at 80ph
Negatives. Saggy boobs, small bed. She was also not freshly washed.

Conclusion: Evn though she is friendly has great attitude (which is the most important thing for me) it's a neutral because of her small room, saggy boobs and her not tasting fresh. To be fair to her i wasn't really in a great mood so that was probably one of the reason i din't enjoy this punt. I also think i have been spoilt by all the great punts i have had with some excellence WGs in London like Stacy Summer, Maggie and of course Wet Ginger.

Will i be visiting again: No. She provides good GFE but she is just not for me.
