### The Story:

Expected much more from Darcy, a bit of a Manchester legend according to local forums but I found the whole experience below average.

Started with a 30 second massage, I knew as soon as I was asked to turn over this was going to be poor as the massage was so rushed.

There was no kissing and Darcy went straight for my cock, rubbered me up and gave me a suck, this was ok but rushed. She then got her nice natural tits out and I had a brief suck/grope before she gave me a bit more head. Then I went down on her, nice pussy if not a little smelly and began the fake moans. They continued until another punter was in reception where she went quiet to listen to the conversation, then again started when punter went with another lady.

Fucked in doggy and couldnt feel anything mainly cos she was so wet from oral. She quickly turned over to missionary and was getting quite impatient to get me to cum. She had her legs in that position where full penetration wasnt possible. She then said 'Im going to have to get you to cum over these tits' which wasnt going to happen. After her flipping position with no choice or warning I certainly wanted to finish my way which was in her pussy so I just carried on till I eventually came. No wet wipes given, just tissue paper although shower offered.

Darcy never did anything wrong, I just expected much more. Neither PSE or GFE, just clinical & mechanical. I doubt I was in the room 15 minutes.
