### The Premises:

Not much has changed here, same address, same protocol. Clean, friendly receptionist.

### The Lady:

Blonde, could pass for mid to late thirties, probably in her forties now, facially attractive, body is not as hot as it was when I saw her years ago. Also known as Victoria, calls herself Jodie at this establishment.

### The Story:

Can't remember if it was Thursday or Friday last week!

Walked in, 3 girls on, picked Jodie.

She entered the room, discussed and agreed on services I was after, she seemed up for it, paid her the cash, was disappointing from then on....

As soon as I gave her the cash, she started to do a bunch of obvious time wasting tactics, faffing around with the cash, putting the Queen's head upright, messing around with her hair, faffing around with the bed, recounting the cash and putting aside the establishment's cut, more faffing around in her bag, faffing around on the side table, must of gone on for over 5 minutes! Blatant time wasting tactics.

Agreed on OWO and kissing. OWO consisted of mostly wanking me with her hand and minimal oral. Kissing was mostly just pecks on the lips. Then she talked and talked and talked and talked, another blatant time wasting tactic.

Booking was mostly negative, only positive, she's got a tight pussy and I managed to pop twice.

She's been in the game for a long time and will try tricks she's learnt in her whoring career to do the least possible.

Not recommended.
