The Premises:

The venue is a ground floor and basement flat in a recent conversion, so all mod cons and reasonable décor. A bathroom plus a shower room, 3 good size bedrooms and a large lounge area.

Discrete entrance, located in secluded part of an older residential area. About 10 minutes' walk from a tube station.

You are expected to bring some wine or beer along as drinking in moderation is allowed but there is no smoking

The Lady:

On the night I was there;-

Jakki-tall, blonde, leggy English girl

Carol-blond, cuddly, Brazilian

Jessie-lovely little black girl.

The Story:

Having now been to several of LSAPs mid-week parties it is now appropriate for me to review them.

Mid-week parties are 3 girls plus maybe an odd swinger. The parties I have been to have not been that busy, but with a 4 hours duration there is plenty time to sample them all.

I have met a number of the ladies over the past couple of months. While some are regular/ full time party girls there are a few part timers, which makes the line ups interesting.

Last Thursday I started off the evening with Jakki.

Then I played with cuddly Carol.

Finally I spent a fair bit of time with lovely little Jessie. Unfortunately I could not pop and had to give up and go downstairs for a drink and chat with the guys , a couple of which were at their first ever parties!.

Towards the end of the evening, Jessie coaxed me back up stairs and with some skillful hand and mouth treatment she squeezed a last dribble out of me so I could go home happy and contended.

These are good VFM parties for those who want to try parties for the first time or for guys like me who are addicted to parties.
