Profile Name: Ladybirds

Website: <http://www.ladybirds-massage.com>

The Premises:

Established parlour on Narborough Road with rear entrance. Massage beds are very old now but still perform their function.

The Lady:

Attractive average height lady of Asian (Indian sub continent)origin. Bollywood style looks and well spoken. Photos on website are poor quality compared to other similar type businesses. However usually 4 ladies on most days so not difficult to find someone decent.

The Story:

Good experience with standard service, oral offered but covered oral is not my bag. Not usual to have an experience with a lady from this part of the world and with great looks too hence the report. Fancied a change from the usual and this lady was a good choice.
