The Lady:

Approx 5'9" tall, very pretty face, nice big eyes and lips, slim with a superb bum and lovely pert and perky pair of boobs. Wearing stockings and suspenders - wow!

The Story:

Hadn't been to gfe for a while and was in need of therapy so stopped by. As none of my favourite ladies were working I decided to give kourtney a try. Very pretty, as per her description above, and as stated on her profile, she specialises in kissing - perfect! I followed her tasty bum up the stairs relishing the thought of what might be in store.

Boy was I disappointed!

A quick back massage to start, during which the conversation was strained. Her lack of enthusiasm and reluctance to enter into any dialogue was evident from the outset. An instant turn off. She asked if I wanted the gfe and I replied with an eager yes thinking things would warm up. Wrong again!

Owo for literally a minute, no build up or caressing. My efforts to kiss her (her speciality) were reviewed with a pursed lip kiss your grandma would give you. On to reverse oral where I noticed she had neglected to shave her perenium, again a big thumbs down. I attempted to slip a finger inside her and she quickly moved my hand away.

Missionary, doggy then cowgirl, all very mechanical with the occasional theatrical moan. No kissing whatsoever!

Such a shame as this lady is gorgeous looking. Never judge a book by its cover!
