The Premises:

Reasonably sized one bed. Perhaps the bedroom could be bigger as that's where the main activities occur!

The Lady:

The pictures make her look stunning. She is a nice girl, but completely oversold. Doesn't look as good as the pictures. She is mid twenties and probably a B cup. Has a bigger butt then the photos show you. Nice personality though, but that's not why I choose her.

The Story:

A nice enough girl, but I was expecting her to look a lot more like her photos. She looks a lot more fit in her pictures then she is in reality. A decent blowjob, then she tried riding me which wasn't that great as a girl needs to be fit to do that well. Finished missionary style. I was too horny so didnt care and was still able to enjoy myself, but on another day I might have just walked out as soon as I entered the apartment. The girl has a nice personality. She might work for some but didnt for me.
