The Lady:

Tina is more beautiful than her photos, her tan soft skin is a major turn on.

She is so small but with really well defined body.

Speaks very good english.

The Story:

Tina must have some good massage training because the way she rubs her body gave me a rock hardon.

She is great in every position and we tried too numerous to mention but one thing I that amazed me was how Tina uses her

PC muscle. OMG! I would have blown my load but Tina sensed it right away and slowed down, but then she started pacing again and so she took me to Ecstasy and back again.

Most girls would just get you off and that's it but Tina is a different animal.

Seriously check her out.
