The Premises:

Above a row of shops in Wolverhampton on the Dudley Road. Parking was ok, on road and felt safe, busy main road. Her place was a tip, honestly - 2 girls working and it looked like a dump. Peeling wallpaper and litter/food containers on the floor, lurid brown/purple colour scheme and the bedroom I went to was not much better. The odd canvas on the wall, cum stained tissues in an overflowing bin and a half eaten McDonalds on the side in the room, yeah QUALITY - not.

The Lady:

2 girls on offer, Jo the slim blonde 5'5 blonde hair shoulder length and a rather buxom red head also 5'5 ish, both mid 20's. The red head looked as if she had slept all last week in her lingerie, it was also unclean, if I was not desperate to blow then I would have walked. Jo was slightly more clean and she had a nice smile, I went rather reluctantly with her.

The Story:

In the room there was no hanging around I paid the £50 for sex and oral, Jo stripped off, I stripped off and she launched herself at me. Never had that before, weird, she forced me on to the bed and I fondled her small and pert tits. On with the mac and she sucked me and to be fair it was rather good; plenty of eye contact and nice hand movements on my cock and she played with my bollocks which I love. She bent over the bed so I could fuck her and to my horror I saw a rash that spread around her vaginal area. This killed my erection and for love nor money I could not get it stiff again. I made my excuses and left, ashamed that for the first time ever I had not shot my load in a working establishment. Gents this was horrific, steer clear. Dirty/filthy and nasty.
