The Premises:

It is a busy main road. The entrance is right next to a busy shop with lots of people about. The main door is open and you go into a corridor which is dark in the day time and then there are several doors in this bedsit

Didn't feel safe in daytime will be worse at night

The Lady:

She is a beautiful lady but i caught her when she hadn't got her makeup on, her hair extensions in place. She is 5ft 4 so disappointing when expecting a model. She is a BBW which is the best way to describe her

The Story:

Alarm bells started ringing when i got to her place and i rang her and she was going to have a shower. I waited 10 minutes then i was told to go in. She is beautiful but from the start complained about being tired and not having any makeup. She has at least 6 mobiles which is worrying. She offers all services on the other site. This is not the case when you see her. No kissing, no fingering, no thrusting into her. I wonder what she was expecting me to do just look at her and come?? lol After cowgirl and doggy i just got off dressed and left. Her mobile was ringing and as a parting shot i said to her 'more lucky punters'
