The Lady:

Venus is a very attractive woman. Though not exactly like her pics - less busty and more of a slim ballerina type girl with a b-cup. Head turner nonetheless and comports/dresses like a classy woman who you can take to the most exclusive places. I requested her to wear a dress and was so happy with how she looked when she arrived at my place.

The Story:

Venus arrived and asked for a drink. I prefer not to dilly dally so I offered her a glass of water and after some chit chat had a very real GFE type session of DFK. I let my hands roam all over and tried to insert a finger inside which Venus politely declined. After some more kissing and petting I undressed her and she soon took the hink and had my turgid member in her hand. What proceeded next was just out of this world - Venus requested that I please don't finish in her mouth and she will show me her skills. Wow wow wow - deep throated my member like it was a little pinky finger. I would consider myself just slightly above average in manhood. Spectacular session of OWO - best that I can remember for a while. After which she climbed on top and rode me like a demon (we were still on the sofa). As Venus is a slim petite lady I enjoyed lifting her and giving her a good seeing to in the position [my gymming is paying off :)] After which I turned her around on the sofa and went at it full gusto which Venus encouraged. Finished in the standing doggie position and was quite pooped. We then retired to the bedroom where I chatted with Venus and she gave me some more OWO but I was unusually tired as I had been to the gym prior - decided to call it quits. Super sweet and attractive girl with the highlight being her mind blowing OWO.
