The Premises:

Very easy and quick to find from the tube. Her bedroom is very dark when you first walk in but is fine when both the bedside lights are on. The place seems clean and is generally fine.

The Lady:

The photos are a bit photoshopped. She has a nice face and nice little hands. She has an okay figure, although there are some very noticeable imperfections.

The Story:

First the positives. She really knows how to work her cute little hands in the right way, with great hand job action. Also she was up for giving a prostate massage. that was a first for me and actually i didn't much care for it, but that's not Alya's fault. Doing her doggy was nice and she seemed really turned on when my thumb wandered to her AH, which I really liked. She is open minded.

Despite all of the above though, I have to say that I was disappointed. The whole experience was extremely impersonal. Great escort experiences happen when the girl creates the illusion of intimacy, has a natural positive personality or seems like she's really into it. Alya was really just going through the motions. OWO wasn't great. There was no DT or DFK, and only the barest suggestion of rimming.

It really wasn't the wild and free experience that I hoped for. I left feeling flat and deflated.

She's a nice girl, so maybe I just caught her on a bad day.

I should also say that this is not a criticism of Loyalty. It's a good agency and the guy that I spoke to on the phone was very helpful.
