The Story:

Having have a little time to myself in London a couple of weeks back decided to book an incall girl. Arrived for an incall with Jemima, friendly from the start as soon as she opened the door to me, was not sure what to expect as only do incalls sometimes and more outcalls. I usually go for longer then the hour but time was limited at this time.

Soon as i arrived she was very welcoming, a natutal looking pretty girl with blonde hair and blue/green eyes, lightly tanned could see she had a great body very slim with a nice set of boobies also quite tall, great pair of legs to match overall everything so far going well.

At the start of the appointment Jemima was chatty and asked me if i wanted anything which was nice after chatting for a bit it moved on to some sexy talk and she sat next to me and started to undress me slowly in a seductive fashion. She seems like she enjoys this type of work but you can never really tell but she certainly made me feel at ease and good. Experienced sexy women who really went for it, she offers a true GFE and did not rush me at all, it was slow enough to enjoy the full works and she has a hot figure, knows how to get men eating out of the palm of her hand. Only uses 3 or 4 agencies when in London and tend to go for the more British run ones that have a good selection of English ladies which is important to me.

Near the end of the appointment i was not rushed out on the minute we still had a little chat, a nice women who gave value for the money. London is not usually cheap but i think the amount i paid was worth my experience i went away happy. Would consider seeing this lady again in the future.
