The Premises:

In north Manchester rather than the city centre. Found it easily with ample free on-street parking. the apartment had 4 rooms suitable for partying and a kitchen. The only problem was that there was only 1 shower, and the cubicle and room were the smallest I'd ever seen!

The Lady:

5 ladies - 2 English girls, Amanda and Tara, and 3 East European girls, the Polish Isabella, the Latvian Emily and the Russian Vera. I don't think I've ever seen an East European escort before this party, but all 3 of them were wonderful, and changed my previously negative view of East European escorts. Not sure whether there were 9 or 10 guys, but certainly LMP ensured the ratio was no more than 2:1.

The Story:

I've been to a few parties in the past, and had read about the LMP and always wanted to go, and was delighted when I heard they were coming to Manchester.

As a LMP newbie, I write quite a lot of detail in the hope this will help other newbies.

I emailed them directly (not using the AW email), and a few days later got a reply from Linzi. I asked for one particular day and time, but said I could make others if that one was fully booked. I was given my first choice, which was the first ever LMP in Manchester, 12 noon on the Thursday. As instructed, I rang on the Thursday morning to find the location, and was pleased it was in north Manchester rather than the city centre. Found it easily with ample free on-street parking and rang again for access. Arrived, as advised, 15 minutes before the 12 noon start time, but quite a few guys had already arrived, and had changed and showered, and were chatting to the girls in the lounge.

I'd noted the 5 girls that had originally been advertised on AW, and had researched them as best as I could on the internet. Some were featured in LMP reviews; some were porn stars. The LMP's AW page warned that girls may have to drop out at short notice, and it was the case this time. The day before the party, an English porn star was replaced on the AW page by a Russian girl, and on the day itself, another English porn star also dropped out to be replaced by an English girl.

That meant there were 2 English girls, Amanda and Tara, and 3 East European girls, the Polish Isabella, the Latvian Emily and the Russian Vera.

Apart from Lady Em and Linzi, who were our hostesses, and a guy serving the drinks, it was Vera

who first was looking after us in the changing area. We placed our valuables in envelopes which we sealed and signed our names on; left our shoes by the side of the bed while Vera took our other clothes (at the end of the party we retrieved them all crumpled in individual piles on shelves in the wardrobe).

There was a robe and towel for each of us, and Lady Em pointed out we should keep an eye on them. That proved difficult as they were all white. We were then asked to queue to shower. The cubicle and room were the smallest I'd ever seen in a flat! Once out, we were asked initially to put on our robes.

By the time I was robed, the party had started, and guys and girls had taken up action stations in the bedrooms. Vera asked me to join her on a couch, while Amanda had the bed in the same room. Vera was just the sort of girl I like. Petite and slim. But Vera said that what she liked was to suck off 2 guys at once. My "partner" was already in place. After a while of taking turns in her mouth, I expressed an interest in attending to licking her pussy, leaving my friend in sole occupation of her mouth. He didn't last much longer. I'm not sure whether she swallowed most of his come, but there was certainly some on her face. But her mouth was immediately available for cock number 3. After some more action, her mouth was free for my sole occupation.

After Vera and I had finished, I put on a robe (at this point it might still have been my original one), I went for a drink, and then went looking for more action. All the girls seemed occupied, and I then realised that at this party there must have been at least 9, and probably the full number of 10, guys. LMP, if they have 5 girls, guarantee there will be no more than 10 guys. It is the luck of the draw, and, from other reports, it would appear that at least 1 of the 5 parties they had over the 2 days, there were perhaps only 6 guys.

But it was very much a question of sharing at this party. I couldn't actually see the girl in the room I was now in. A large guy was on top fucking her, but Lady Em said it was Emily, the blonde Latvian. When I glimpsed a bit of her, she looked tasty, and so I suggested she shared some of herself. I took the comfortable position of lying on my back, enabling her to suck me, whilst the guy could happily continue to fuck her. After a while, we swapped, and then swapped again. I could tell from her changed oral activity that the guy was giving her pussy what she liked. From the conversation between us, he knew her from other parties. Not sure whether he was the guy who had travelled around, going to different LM parties all over the country. Some of the other guys were more chatty than others.

The 2 hours flowed. I then found myself for a while on a bed with both Amanda and Tara, English brunettes, attending to me. After a bit, Tara found some other gent, but Amanda remained loyal to me. Lady Em then said it was time for us all to go into the Orgy Room. I think this is so they can tidy the other rooms for the next party, All 5 girls and the surviving guys were now in one steamy room. I was back on the couch where I'd started, this time with Amanda on her knees sucking me off.

This time on the bed next to me was Isabella being attended by 2 guys. When all 3 were satisfied, I suggested to the girls that they swapped, so I could have a piece of Polish Isabella. She was amazing. It also helped that Vera briefly joined us! But the last 10 minutes with the beautiful Isabella was probably the highlight of my party.

All in all, it was a brilliant time. At the end of the party, when I retrieved my envelope of valuables, I paid them the £140. I thanked Lady Em and Linzi and the girls, saying I would certainly return, even if it was only when Isabella was back in Manchester. I must admit I'd had no experience previously of East European girls, apart from lusting after the professional dancers on Strictly Come Dancing. But they are brilliant. All the girls work their whatsits off in the 2 hours. And that was the first of 3 parties that day. It looked like 2 or 3 of the guys were staying for the next party, which was due to start after an hour's break.

I hope that gives you all a flavour of LMP, a brilliant addition to the Manchester punting scene.
