### The Premises:

Gigi has a really comfortable and spacious room just off the Edgware Road. There's a sofa on one side for smooching and chat, a coffee table in the middle for drinks, munchies and decoration, and a good-sized bed for the mischief – but I'm sure that those uses are not set in stone and that Gigi will be open to improvisation with the more imaginative customer!

There are mirrors everywhere except on the ceiling (you need to visit Gigi's buddy one floor down for that!) although I'm never sure whether these are for the punter's benefit or the escort's? They do seem to enjoy watching as well!

There's a small but tidy bathroom right next to her bedroom with a proper bath for whatever some of you more broad-minded guys get up to in these, but give advance warning as the hot water took ages to come through for my shower. Also, I'm not a fan of Listerine at all so if someone would take along some Colgate Plax in time for my next visit I'd be very appreciative – just in case I forget!

### The Lady:

If you've watched the Invasian video (over and over again!) then there's not much to add! When she's with me, Gigi is an absolute sweetie and not really the cool and slightly domineering performer that is portrayed there. Maybe it's partly down to my clothing request setting the mood as I'm very conservative ("sexy underwear/bikini, please"), but she comes across as really demure and cute to me. I guess that she can be a pussy cat or a tiger, depending on your personal preference.

Gigi's boobs are worth a special mention - in her gallery they really look too big and hard to me but in the flesh they are wonderfully soft, responsive, and very natural looking, and they match her physique perfectly. And her mouth - she has an amazing permanent pout and I reckon Gigi was the model for those blow-up sex dolls that I've heard about! She uses it beautifully for OWO and she is also without doubt one of the best and deepest DFK Orientals that ever I've experienced.

### The Story:

This was my second visit to Gigi. At our first meeting a month ago we were very comfortable in each other's company from the off and she was incredibly responsive to both the oral and straight sex. At this meeting it was more of the same and I was hoping to finish with anal, but of course that is always very much "at discretion" and not to be taken for granted – end of lecture! I am ever so slightly bigger and less aerodynamic than the toy in her video (who isn't!) and I was half expecting a refusal, but Gigi thought about it for a few seconds, had a quick appraisal of my "toy" and then quickly agreed. She was soon taking all that I could give and there's no need to say any more than that! Simply awesome, and as I post this three days later the memory is still fresh and I'm still smiling smugly!

What makes Gigi special for me is that she gives and takes in equal measure and seems to genuinely enjoy herself - I find that very gratifying. She is incredibly responsive to everything that I do and she purrs away gently without putting on the corny porn-star histrionics that many girls do – although in fairness I believe it is what they are encouraged to do as apparently most customers seem to enjoy it?

Conversation wise, she is just so easy to talk with. She was very open about herself and she seemed genuinely interested and inquisitive about my views on this hobby - a long booking would be brilliant with her, although it's out of my budget and comfort zone.

And here's a useful piece of info; if you've blue eyes and you arrive smelling of J P Gaultier (the fragrance, not the guy!) then Gigi will probably lock you in until the following morning. With my green eyes and Chanel I just got an extra 12 minutes shower time – I've absolutely no complaints though!

PS: Just before I posted this I read through Gigi's earlier reviews and a lot of what I've written echoes what's been written before, and that's a good thing as it shows that she is truly professional and consistent – and good to be with! In this hobby it's always a case of YMMV but in Gigi's case, as long as you're clean and treat her with respect, then your mileage should be similarly impressive. Gigi is an exceptional star!
