The Premises:

It was her first day in the flat and the landlord had not fixed the boiler so it was just slightly below room temperature but not so bad. The shower had hot water and the place was clean and presentable.

The Lady:

Honey is better looking than the pics but they are close. She speaks almost perfect english and has a fantastic body. She is very polite and from the very moment I got there her aim was to make me feel better.

I had asked her to wear the Police outfit, but she left that in Thailand. She was dressed in lingerie and that was good enough.

The Story:

This was a last minute booking. I am normally a PSE man but upon meeting her I decided to switch the session as she is the perfect GFE experience. We started making love during the assisted shower as I could not contain myself.

The session included owo, rimming and plenty of entwined bodies.

The experience was a bit of a reboot for me. Ever since the likes of Olina and Maria my tendency has been to get kinkier and more deviant. Honey was the balm to that. It was making love as oppose to a PSE fest and she is very responsive to touches, kisses and sensations. I also received a good massage afterwards. She reminded me of experiences with Shakira.

Would I see her again. Yes, The only thing stopping me is not being in London at the moment and the choice of new talent.
