The Premises:

Town House, central Milton Keynes, loads of cheap parking..discrete... Welcomed by maid who was friendly, room was clean, nicely done out..

The Lady:

Tall, fit, voluptuous, photos are a fair representation... great bum...didn't notice any tats but was otherwise engaged..

The Story:

First punt ever, so was nervous as hell, but need not have worried.., location is discrete, few people around and easy to parkup... Maid was friendly and led my into a room not unfamiliar to a nice hotel room...almost Marriott for reference not Premier Inn! Was offered a drink..

Waited a few minutes and Scarlet bounced in on killer heels and in simple/elegant lingerie..

Immediately starting kissing vigorously and undressing each other.. no mucking around but it wasn't rushed.. plenty of passionate kissing...

Started out with good OWO, moving over to a 69 to get give something back and get a good view of that arse.. got carried away with a little rimming to boot... very vocal from now on... I would like to think she was enjoying herself.. and tried to read the physical signs..but you never know really.. but I felt like I was hitting the spot... After that it was more time enjoying her bum and then over to various positions to finish off from behind... absolutely fab...

Overall impression, nice Northern lass, treat her nice and with some dignity you will have a great time. She knows her stuff, is chatty and put me at ease straight away.. so cheers!

Will definitely be going back...
