The Premises:

Down some basement steps in one of those terraces near Paddington Station. Easy enough to find. Fairly tired flat, large bedroom with a couple of mirrors.

The Lady:

I had been trying to book Nancy, but after much to and fro, she stood me up. Apparently something to go with the traffic. So I accept the alternative offer of Cindy.

The door was opened eventually by a young looking Thai woman, who was nothing like the girl in the photos. She had a couple of tattoos that are not on the website. On the other hand she looked cute, very petite and dressed as a school girl, so after all the fuss making the date I wasn't going to change my mind.

She said she was 21, which I thought unlikely and had only been in London for a week, which might well be true. Less than 5 foot, tiny little backside. Small boobs.

The Story:

Once in the bedroom and the finance dealt with, I asked her kneel in front of me. She obliged, undid my flies and took me in her mouth. I watched in the mirror as I quickly got hard.

We got undressed. She has a tiny figure and was very happy to let me take it all in as we got on the bed. She carried on with the BJ, and readily toyed herself with a large pink plastic cock at the same time when I asked her.

After awhile on went a condom and we fucked. First in missionary, then from behind. She made quite a lot of noise, though I wasn't sure if it was in pleasure, in pain or just faked. A bit of all three probably. As I looked down her cute little A was winking at me, so I lubed up and slid in. I thought she might find it too much, but she was very accommodating, and we soon got a rhythm going, accompanied by even more noise of uncertain meaning.

It's quite unusual for me in my advanced years to come too soon, but I felt I wasn't going to last. So I withdrew and got her to kneel in front of me, with me standing. Off came the condom, and back in her mouth for some steady sucking. I then took myself in hand tilted her head up and came over her face. She gently took me back in her mouth and held me for a minute until things calmed down.

She cleaned up and back on the bed she massaged me to bring my pulse back to normal.

All in all a very good PSE, though I'm still not sure who it was with.
