The Premises:

Building was easy to find. Able to reach the entrance either from the front (right next to traffic lights), or by going round the corner and through the car park.

Interior was clean and tidy, drinks were offered before and after, pretty welcoming really.

I'd read reviews about going upstairs, with the lady in front, and it's everything I expected and more.

I'd also heard that the showers are pretty cold, but thankfully not the case.

The Lady:

I'd been considering Rio for a while, and as soon as she walked into the room, I could tell it was her purely based on the haircut, it's very distinctive, which, by the way, is silky smooth. I don't know if that matters to anyone though.

Great girl, very friendly. Someone you might want to just spend some time with and talk.

The Story:

This was my first visit to a parlour, or these types of services, so there's nothing I can compare it to.

However, what I did like is that she took the time to speak to me, to find out why I was visiting, what sort of person I am, things like that. There was a little back and forth, but I can understand that she might not have wanted to give much about herself away.

She took the lead in what happened, but checked that I was happy with whatever we did, and I can't ask for much more than that.
