The Premises:

The provider service was good no problems when I called up even when pushed the booking back half an hour. Everything a reception service should be. Her place was clean and very tidy. I walked through a large reception room to get to the bedroom

The Lady:

The young lady was in her early thirties attractive wearing a revealing low cut top and thong and high heels

The Story:

I must admit I don't like to stray from the tried and tested with reviews to support the service, however I did on this occasion. When I arrived I was let in and was pleased with the person on pure appearance. The welcome was not too warm but I don't think that should be an indication of the service. However, when I was shown to the bedroom it was cold. It was so cold that even Kasumi commented how cold it was despite outside being balmy. After I handed the gift over I took a shower the real business began, or so I thought. At this point the comment..... excuses stated. Oh you so big.... next no OWO, no sex and a bad massage to round it off. At every point she tried to avoid my touch and was quite unwilling unless she instigated it. I soon realised this is why she only had 1 review. [13][13]My overall comment is quite negative from the individual concerned but the agency I have used before and maybe would use again but only with someone who has lot more positive reviews.
