The Lady:

The most feminine person I've ever met. She does not in any way look like a typical escort. Very gentle, elegant, stunning and SMOKING HOT. Her photos don't do her justice!

The Story:

Amazing unforgettable 2 hours. Ada was very professional but also very relaxed herself which made me feel at ease from the beginning and the whole time throughout the appointment. I'm not going to get into details just that she has special skills in bed and the peachiest butt I've ever seen.
