The Premises:

Sunita was based North of Bethnal Green Tube in a clean flat with a discreet entrance.

The Lady:

A very busty DD cup Brazilian lady , possibly a dress size 12 with braces on her teeth.

The Story:

Another "Indian" girl from South America! Well I obviously knew that wasn't true, but I went on the punt because of her breasts. I wasn't disappointed, because they were large and firm, but more importantly natural.

The session commenced with covered oral, followed by sex in two positions, missionary & doggy during which I took every opportunity to fondle and squeeze her breasts.
