The Premises:

Room above a Chinese Health Shop just off Bromley High Street, don't go for the pink door but it does stand out and parking was within 2 minutes walk. Room was clean and suitable for the purpose with shower facility just outside the door.

The Lady:

Lucy is an attractive mid 30's Polish lady, slim I would say size 8-10 with 34b boobs with nipples you could hang your coat on.

The Story:

Upon first arriving I must omit to being a little nervous being it was my first time at this place, But there was no need to be as Lucy met me on the stairs with a kiss and a warm smile, after entering the room we agreed on a price and the service to be provided. 2 hour Body2body with prostate massage. started with a slow fairly hard massage just as I like it, it was 10 min before I had noticed that she was now completely naked and had mounted the table. With oil dripping from my back she slowly began to slide her breast over my back up to my neck then back down to my ever increasing in size and by now fairly large erection.

This continued for at least 30 min but it could have been longer as I had completely got lost in the moment, which is when she started the first round of stimulation on the old chap. So has not to spoil it for others that may visit, I won't go into all the details only to say that during the two hours of continued slipping and sliding I had three of the most tremendous orgasms I have ever had. She does allow mild touching but that is as far as it goes, I went away a very happy man and will surely return this month.
