The Lady:

she looked very cute, 5'3 - 5'4 at a guess. She was very petite and to my eyes very cute looking. A very cute face.

C cup on a small frame made them seem quite big relative to her body, very much like the pictures on her website.

The Story:

Saw Amelia recently when staying in a West London hotel for work - 2 hour early evening booking.

Good FK, not particularly deep but teasing nonetheless. Plenty of groping through the clothes, and her hands wandered nicely. Dress off revealed nice underwear, and it wasn't long before that came off too. Cracking figure, which I explored fully leading to RO and some encouraging noises being made. OWO on me was good with her hands massaging my balls at the same time. Protected sex firstly in cowgirl, then into doggy, all naturally done but maybe a little submissively - I like a girl to take the initiative but this was mainly me calling the shots. Mish did the trick for me, and I came harder than I normally do.
