The Story:

Met at the door by Nova in a nice smart, mini dress. Wow. Ushered into her flat and offered a shower which I took. Books covering a variety of subjects and in several languages-so not short of material should you fancy passing the time with a good read! At first I wasn't too clear if we would get on particularly as I was slightly nervous. I was particularly unsure of finding common ground but from the off it was clear that Nova was going to make every effort to ease my nerves and make the visit memorable. A gentle GFE gradually building in tempo and content as the meet progressed. She has a well toned body and looks younger than her declared age. I do not want to go into too much graphic detail but the activities, listed on her "likes", indulged in were carried out with enthusiasm and expertise. However, one bit of detail I will mention is that this lady does have an incredible "dirty" way of looking at you when things are nearing a crescendo that reached deep into the base level of being a male! Good chat afterwards. Nova is a good conversationalist and very sharp witted with a BBC style speaking voice-radio 4 could definitely be an alternative career. I suspect, but didn't properly test, that she is more comfortable talking about the meaning of life rather than who is in or out of X factor! It's difficult to sum this lady up; her profile on AW doesn't do her justice I feel. Best I can say is at the start of the meeting I thought "Girl next door" but as things progressed being in her arms became much like "being with..." rather than "being alongside..." this lovely woman-a true GFE I thought. Hope I can repeat in the not too distant future
