The Premises:

Well established massage parlour near Milton Keynes. Free parking outside. Clean & modern place.

The Lady:

Friendly, very attractive and petite lady. Photos are accurate. I did not ask her age but would say that late 20's as stated on site is correct.

The Story:

This was my third time at this establishment and first time with Lauren. I have been on the scene as it were for the last 10 years and this is my first time ever writing a review.

I went for the body to body massage and have to say that Lauren gives the best massage I've ever had and paid just as much attention to my legs as my back which is important to me as these often ache more and usually get neglected. With every new touch she made my body tingle all over and cannot describe how relaxed or the amount of pleasure I felt.

The ending was a very happy one and is the first time I have been able to without giving any assistance other than to just lay back and enjoy. I left feeling euphoric and as a result have been back to see her twice already with my second visit only a few hours later but this time for an hour long appointment which did not disappoint.

Hope she will be around for many years to come!
