The Premises:

Quiet and off the main road. You won't feel out of place or worried about entering.

Clean, with ample space and close to the tube.

Decent neighborhood and not a problem with the place or directions.

The Lady:

Short:

You won't look at another woman the same way again for a while. Rosalie is a stunner with a fantastic body and a personality to match. Wars have been fought for less.

Longer:

I will be honest and say that I am very biased because she is essentially my 'type' for the lack of a better word.

By jove however, Rosalie has a certain blend of qualities which many people lack. She is able to be sultry yet maintain a charm that even your mother would swoon to.

She is most definitely the lady that you see in the pictures.

In a nutshell simile, think zooey Deschanel if she had been born in Ireland but mixed with a Jennifer Connelly vibe. If that makes any sense.

The Story:

Anticipation was high, nerves were tense. But from start to finish there was nowhere else I would rather have been.

I would love to write more, but never would be able to do it justice. If you're on the fence, don't hesitate.

The accent alone will sell it if you call.

Rosie if you read this, shokran awi.
